

## Ducati Testastretta Engine

Ducati Testastretta Engine The 2007 Ducati 1098 had a new engine called the Testastretta Evoluzione ("evolution"). It had larger displacement, larger valves, narrower included valve angle, better breathing through oval throttle bodies and butterfly valves, lighter weight (including magnesium valve covers), and higher output than its predecessors. [6] Ducati Desmoquattro engine - Wikipedia To enable the Testastretta engines to function as stressed members of the chassis (which also has a steel trellis frame), additional engine-to-frame mounting bosses had to be added to the ... TECHNICAL ANALYSIS: Ducati's 821 Testastretta Engine Named the Ducati Testastretta DVT (Desmodromic Variable Timing), Ducati's new Desmodromic engine is the first in the world with variable timing on both inlet and exhaust camshafts, leading the way for a whole new generation of such engines. Ducati Testastretta DVT - webBikeWorld Ducati developed a full variable valve-timing system for the Testastretta engine, the first of its kind applied to a motorcycle engine. Clean, smooth power from top to bottom. First on the ... Ducati DVT Testastretta engine Just to finish things off here are the Torque curve comparisons; nice open smooth torque, no sudden changes to upset the tyre grip or the bike ability to get the power down, just magic, in that lovely Ducati way.... Too see how we got on with the 998S Testastretta on track, have a look at Racing 2002. Testastretta - Sigma Performance Ducati In 2001, Ducati introduced the 996R (see Ducati 996) with the 998 cc Testastretta engine. This bike was the true introduction of the Testastretta engine and the 998 model. The engine was similar to the 2002 non US 998S. Only 500 were sold which was all that were needed to homologate the bike to race in the World Superbike Championship. Ducati 998 - Wikipedia The Testastretta 11° DS engine is coupled to an impressive side-mounted 2-1 staggered shotgun exhaust that makes no secret of the performance of which the Monster 1200 is capable.
